1. How we collect and use your personal information

● To provide you with products and/or services:

1) Storage permission: When you use video/photo editing or collage functions, we need to obtain permission to access your local media to select videos or pictures. When you save a finished video or photo, we need the storage permission of local media to save the video or photo and change the save path; this permission is only used to edit and save the video or

photo. We do not take any videos or photos from your device, nor modify or delete the contents of your local media storage.

2) Network permission: When your device uses "WLAN and mobile data", if you want YouLeap to download material. This permission is only used for the functions mentioned above. We do not authorize any other information through this permission.

3) Microphone permission: When you use the recording function, we need the microphone permission to record audio; this permission is only for recording. Meanwhile, your unfinished videos will be stored in YouLeap draft box and local device. So if your audio material is applied to an unfinished video, it will also be stored in the InShot draft box and locally on your device. If you delete it in drafts or local media storage, YouLeap will not store the associated audio material.

● Customer service and after-sales service: When you give feedback or provide us with an error report by email, we will obtain your user name, email address and email content so that we can communicate with you about the problems encountered during the use of our products and services .

2. How do we use cookies
